MEMORANDUM FOR: [REDACTED]

Chairman, Missiles Task Force

SUBJECT:

Request for Master List of Reported Soviet Guided
Missile Launching Sites

REFERENCE:

Memorandum from Chairman, Missiles Task Force to
Colonel John White, Guided Missiles Coordinator,
Subject as above, 11 April 1953

1. The OS/I Guided Missiles Coordinator has referred to OGI your request for a master list of reported Soviet guided missile launching sites, and has asked that OGI assume primary responsibility for fulfilling your request, with whatever assistance from OSI/Guided Missiles Division appears required or desirable.

2. Accordingly, OGI is now preparing an initial listing which will contain information available to us from all sources on the specific items cited in paragraph 2 of your referenced memorandum. It is expected that this initial listing can be made available to you during July and that the list will be revised quarterly thereafter, if you believe that this schedule will satisfy your requirements.

3. It is planned to provide you with a list which has been carefully coordinated within OGI, and which will reflect, whenever possible, the opinions of other LAC agencies. At least in the early stages of this project, the list will not represent "agreed" intelligence of the LAC community. In our judgment, it would not be feasible to attempt formal inter-agency coordination of the list until certain problems of security, personnel resources, and procedures have been explored further and resolved. You may be assured, however, that all information from other agencies made available to OGI through both formal and informal channels will
